DOCKETED

JUL 21 2014

DOCKETED BY

IN THE MATTER OF THE APPLICATION
OF MT. TIPTON WATER COMPANY,
INC. FOR A PERMANENT INCREASE IN
ITS WATER RATES AND CHARGES

DOCKET NO: W-02105A-13-0415

**SUPPLEMENTAL BRIEF
REGARDING SYSTEM
REPAIRS**

Mt. Tipton Water Company, Inc. ("Mt. Tipton" or "Company") hereby files this
Supplemental Brief Regarding System Repairs.

In late June, the Iron Well ceased water production. The repairs cost \$23,589.36.
See Attachment 1 (Invoices from A-1 Well). This repair has left the Company with
virtually no financial reserves. Knowing the other two production wells are older and in
worse condition than the Iron Well, Mt. Tipton is very concerned that even after the rate
case the Company will be in financial distress.

This well repair illustrates that the Company's recommended revenue requirement is reasonable. Again, the Mt. Tipton's recommendation would generate \$33,951.00 in cash flow. The Company would be able to pay for the well repair and still have approximately \$10,000 for other repairs. Knowing the Company is financially broke, anything less would put the Company in a very precarious position.

RESPECTFULLY SUBMITTED this 21st day of July, 2014.
